PROFILE

Aspiring full stack software engineer pursuing a Bachelor of Science in Computer Science. Experienced in building responsive web applications, secure REST APIs, and database-driven systems. Excels at backend architecture, frontend development, and delivering modern user-focused digital solutions.

EDUCATION

Pace University, Seidenberg School of Computer Science and Information Systems

New York, NY

Bachelor of Science (BS) in Computer Science

May 2026

Honors: Dean's List, Presidential Scholarship, L. Russell Feakes Scholarship, MJS Foundation Scholarship

RELEVANT COURSEWORK

Software Engineering | Intro to Cybersecurity | Data Structures / Algorithms | Fundamentals of Unix and C Programming | Operating Systems | Intro to Art Intelligence | Algorithms & Computing Theory | Computer Organization | Programming Language / Implementation | Professional Computing Seminar | Web Computing / Scripting

TECHNICAL SKILLS

Programming Languages: Python | Java | C++

Database Management: SQL | MariaDB | MySQL

Software / Tools: React | Node.js | FastAPI | Git | GitHub | Linux | JWT Authentication | REST APIs | Debugging | OOP

Operating Systems: Linux

ACADEMIC PROJECTS / PERSONAL PROJECTS

Full Stack Web Applications

July 2025– April 2026

- Engineered full stack web applications using React, Node.js, FastAPI, and SQL databases.
- Built secure RESTful APIs featuring JWT authentication, role-based authorization, and protected CRUD endpoints.
- Utilized Git/GitHub workflows for source control, collaboration, and deployment preparation.

Object-Oriented Software Projects- *more specific*

January 2026 – March 2026

- Developed object-oriented software projects in Java, Python, and C++ with emphasis on scalable code structure.
- Implemented data structures, algorithms, and file handling techniques to support efficient application functionality
- Collaborated on debugging, testing, and refining application logic while strengthening problem-solving and SD workflows

PROFESSIONAL EXPERIENCE

Tri-State Solutions LLC

New York, NY

IT Support Assistant

January 2022 – January 2026

- Assisted in technical infrastructure installation, structured cabling, and network rack organization.
- Supported troubleshooting of hardware and connectivity systems.
- Strengthened practical knowledge of IT networking fundamentals, documentation, and systems support.

LEADERSHIP

Old Bridge Basketball Association, Youth Basketball Coach & Camp Counselor

June 2020 – August 2020

- Mentored and coached youth athletes to strengthen teamwork, communication, and leadership skills in group environments.

Pace University, Varsity Esports Athlete

November 2023 – May 2025

- Collaborated with teammates in competitive gaming environments to improve strategic decision making and team coordination.

Pace University, Intramural Basketball Athlete

September 2022 – Present

- Demonstrated discipline, teamwork, and competitive mindset through consistent participation in university athletics.
